

Technical specification

Retrofit-mats

Product number x.x.001RSM

Retrofit

In close cooperation with leading manufacturers we embed our basic material into a double layer of nitrile rubber, vinyl or any other suitable material. The "Retrofit" FloorX mats can be easily installed under existing mats. Retrofits are suitable for the "rental" space. They remain in place, only the top mat will be exchanged for cleaning.

Thickness: .15" (3.8 mm)

Rubber Surface and Backing

Type	: Nitrile
Thickness	: .138" Nitrile body (3.5 mm)
Durometer	: 60
Tensile	: 1100 PSI

Testing

- Passes Flammability Standard DOC-FF-1-70

Cleaning instructions

- Wipe or mop with a solution of warm water and mild detergent when necessary.
- Hang mats to dry.
- Mats should be dry before placing back in service.

Power Supply

Electronics can be embedded into the mat or enclosed in a hardwired external box. Both are powered with a 5V power adaptor.

Warranty

FloorX-mat materials and system are made in the USA and come with a 2-year limited warranty.
